

Annual Sports Day 2025 at Sir John Wilson School

Sports play a crucial role in maintaining both physical and mental well-being. For students, engaging in sports helps build self-confidence, teamwork and leadership skills while promoting overall health. Recognising this, Sir John Wilson School organises its Annual Sports Day every year. This year, the Middle and Early Section Sports Day was held on 29th and 30th January 2025 at the two large fields on the school's Main Campus.

The event was inaugurated by the esteemed Principal, Ms. Sabrina Shaheed, who delivered an inspiring speech to boost students' confidence. The speech was followed by the release of colourful balloons, symbolizing joy and unity preceding the national anthem. Thereafter, the students performed a sports drill where their synchronized movements impressed the parents and guests and made the event a celebration of patriotism, fitness and school spirit.

Students from Playgroup to Class 4 eagerly participated in various competitions, each class engaging in two sporting events. The youngest participants, from Playgroup and Nursery, competed in the 25m Race and Lego Race, while KG I and KG II students took part in the 50m Race and Join the Lego Race. For the Middle Section, Class 1 students participated in the 100m Race and Join the Lego Race, whereas Class 2 students took part in the 100m Race and Thread the Bead Race. Meanwhile, students from Class 3 and 4 competed separately in the 100m Race and Balance Race with boys and girls in distinct categories. To determine the winners, preliminary heat rounds were conducted, and the top three finalists from each section advanced to the finals. The 1st, 2nd and 3rd place winners in each category were honoured with medals. To enhance the excitement, parents were invited to participate in the Balance Race, 100 m Race making the event even more enjoyable. Teachers and staff also took part in the Balance Race, showcasing their enthusiasm and sportsmanship.

The event was a thrilling experience for both students and parents, inspiring a sense of unity and healthy competition. A heartfelt appreciation goes to the parents for encouraging student participation and to the dedicated teachers and staff, especially the Physical Education (PE) Department, for their meticulous organisation of the event. We hope our students will continue to uphold their sportsmanship and enthusiasm in future competitions.
