

Playgroup Students' Visit to Justice Shahbuddin Ahmed Park

The Playgroup students of Sir John Wilson School had a delightful and educational field trip to Justice Shahbuddin Ahmed Park on the 21st, 22nd, and 23rd of January 2025. The students visited in sections to ensure a smooth and enriching experience for all.

The children enjoyed the bus ride together, full of excitement and laughter, as they headed towards the park. Once there, they explored the park's natural beauty, observing various plants, leaves, and flowers. These elements were familiar to them from their General Knowledge lessons and the Plantation Week activities held earlier on the school campus. Experiencing nature firsthand helped them connect what they learned in class to the world around them.

A fun highlight of the trip was collecting different types of leaves. The students excitedly gathered leaves of various shapes, sizes, and textures, which they later used to create beautiful collages in class. This hands-on activity sparked their creativity and deepened their appreciation for nature.

To make the experience even more special, each child was given a bookmark to encourage and promote picture reading. Light refreshments were also provided, ensuring the children stayed energized and happy throughout the day.

It was a memorable and enriching experience for the Playgroup students, filled with discovery, creativity, and a deeper connection to the environment.
